

OVERVIEW

Seasoned Senior Exhibit Designer with a proven track record. Spanning ten years in the events industry both remotely and on-site. I thrive in multicultural environments. I use my studies in art history, fine arts and technology to bring creative touches to 3D environmental design, production and project management, digital printing and vector illustrations.

Seasoned Senior Exhibit Designer with a proven track record spanning ten years in the events industry, whether it's been from the comfort of my home or in an office setting across North America.

I thrive in multicultural environments, bringing my creative touch to 3D environmental design, production management, digital printing, project management, vector illustrations, and soaking in the beauty of art history and art direction along the way.
